

## **West Virginia DHHR Adult Services Presents: Ethics, Values, and Cultural Competence in Adult Protective Services**

### **Brief Summary of Workshop:**

The purpose of the workshop is to demystify ethics and offer a practical framework for ethical decision-making on the front lines. It will also help APS professionals become more aware of their own value systems and their approach to decision-making. It will give them tools to analyze situations from a culturally competent standpoint. It will assist APS workers in labeling, organizing and understanding what they see and help them to analyze the consequences of the decisions facing them.
