GERIATRICS LUNCHTIME LEARNING

Name: _____ Email Address: _____ Date: ____/____/____

Program Title: Improving Medication Use in the Elderly

Speaker(s): Daniel Wolverton, PharmD, BCPS

Objectives:

At the conclusion of this program, participants should be able to:

1. Describe changes in the elderly that impact medication usage
2. Identify different factors influencing medication adherence, use and polypharmacy
3. Apply different criteria for determining appropriateness of medications used in the elderly
4. Use various tools to optimize medication prescribing in older adults in future prescribing

Overall Presentation

1. The presentation objectives were met.

Agree Somewhat Agree Disagree Strongly Disagree

2. Briefly summarize what you have learned about medication use and older adults in the presentation.

3. List two factors influencing medication adherence, use, and polypharmacy.

How can attending this program affect your current practice and/or position?

What will you do differently in your practice and/or position as a result of your attendance in this program?
