Title IV-E Child Welfare Training Project Overview

The Public Child Welfare Training Program operates with federal funds made available through Title IV-E of the Social Security Act which provides specified financial support for students committed to a career in public child welfare. The program is designed to educate and prepare graduate and undergraduate social work students for employment as practitioners in public child welfare.

The goals of the program are to strengthen West Virginia's public child welfare workforce and to produce social work leaders, public child welfare practitioners, and public child welfare supervisors or managers.

The Title IV-E Public Child Welfare Training Program is for full time and part-time MSW students in regular or advanced standing classes (on campus or online) and BSW students. Applicants to the traineeship must hold U.S. citizenship or have permanent residence status at the time of application.

Principal Investigator: *Jacki Englehardt, MSW, ACSW*

In-state tuition and monthly stipends are available through the School of Social Work and the West Virginia Department of Health and Human Resources, (WVDHHR) Title IV-E, Child Welfare Training Project.

In order to be considered for an award, a student must:

- Be admitted to the BSW or MSW Degree Program and remain in good academic standing (BSW 2.5, MSW 3.0 GPA)
- Be employed or approved for employment by WVDHHR, Bureau for Children and Families
- Meet with Title IV-E Principal Investigator and WVDHHR representatives
- Pass a Criminal Investigations Background (CIB) clearance
- Have a valid driver's license
- Agree to complete field placement(s) in child welfare with WVDHHR
- Be eligible to receive a WV Social Work license
- Register for and complete SOWK 380 or SOWK 680, Child Welfare, with a minimum grade of B
- Upon graduation, accept a position offered by WVDHHR in any of its state or county offices for an equivalent time as tuition waivers and stipends were received. In the absence of WVDHHR employment, all tuition and stipend funds received must be paid back in full.
- Complete all work obligations to WVDHHR from previous Title IVE awards (i.e. BSW graduates who wish to receive Title IVE for MSW coursework.)

Full-time and Part-time BSW or MSW Students (Non-WVDHHR Employees)

Tuition waivers and monthly stipends are available for a limited number of students who are planning a career in Child Welfare. Students accepting the traineeship are required to work for the Bureau for Children and Families at WVDHHR following their graduation for the number of months equal to the number of months for which stipends and tuition were received.

An elective course in child welfare is required for Title IV-E supported students; SOWK 380 for BSW students and SOWK 680 for MSW students. All field internships for BSW and MSW students are required to be completed at WVDHHR serving families and children. Interested students should submit a Title IV-E application to the WVU School of Social Work. Students will be chosen for Title IV-E participation by the WVU Title IV-E Coordinator and the WVDHHR Regional Program Manager.

Current WVDHHR Employees in MSW Programs

Employees of WVDHHR are encouraged to obtain the Master of Social Work Degree. WVDHHR and the School of Social Work at WVU partner to deliver training and education in child welfare to direct service workers and supervisors. Title IV-E traineeships require admission to the WVU MSW degree program (on campus or online). WVDHHR employees should submit a Title IV-E application to the WVU School of Social Work and notify the WVDHHR Regional Program Manager in writing that they are applying for Title IV-E support through WVU.

Employees will be chosen for Title IV-E participation by the WVU Title IV-E Coordinator and the WVDHHR Regional Program Manager. WVDHHR employees must enroll for a minimum of 6 credits per semester as part-time students. SOWK 680, a course in child welfare and field placement(s) with the Bureau of Children and Families, WVDHHR are required. Students accepting the traineeship are required to work for the Bureau for Children and Families at WVDHHR following graduation with the MSW for the number of months equal to the number of months for which stipends and tuition were received.

The number of openings for applicants is contingent upon funding available to support the program.
