GREETING FROM THE BSW PROGRAM DIRECTOR

Welcome to the West Virginia University School of Social Work and to the Bachelor of Social Work (BSW) Degree Program! As an academic unit within the Eberly College of Arts and Sciences, we are pleased that you have chosen to pursue a career in social work. We know that you have made this decision carefully and the entire faculty look forward to working with you over your next few years of professional study. While working toward your degree, we invite you to link with the professional community of surrounding agencies in the greater Morgantown area, which offers many wonderful opportunities for your involvement as a social work student. We also encourage you to become involved in the Undergraduate Social Work Student Organization to gain additional experiences that are a valuable adjunct to your studies.

As you begin your education for a career in social work, you may have questions or concerns. We hope this handbook will address many of them by providing general information about the School of Social Work and your degree program. You will find this handbook helpful, but it will not include everything you need to know about life on the WVU campus. Sometimes the handbook will refer you to other sources for more information or to resources both on and off campus.

Your success in the program is important to all of us in the School of Social Work. It is our task to instruct and guide you while you are a student in our program and your task is to be the very best student that you can be. We wish you success in your academic studies while you are with us and hope that you will remain in contact with the School of Social Work long after you receive your degree.

Sincerely,

Megan Gandy, Ph.D., MSW, LICSW
BSW Program Director
Associate Professor

WEST VIRGINIA UNIVERSITY SCHOOL OF SOCIAL WORK

INTRODUCTION & OVERVIEW

West Virginia University's School of Social Work began training social workers in the early 1930's. We have been in constant operation since that time. Both the Bachelor of Social Work and the Master of Social Work degree programs are fully accredited by the Council on Social Work Education (CSWE). A Bachelor of Social Work (BSW) prepares students for generalist practice, and a Master of Social Work (MSW) prepares students for advanced integrated practice with individuals, families, groups, communities, and organizations.

SCHOOL OF SOCIAL WORK MISSION STATEMENT

Through teaching, research, and service, the mission of West Virginia University School of Social Work is to educate students to become generalist social workers at the baccalaureate level and advanced integrated practice social workers at the master's level.

The School of Social Work mission is grounded in the purpose of the social work profession which is to "promote human and community well-being" (Council on Social Work Education [CSWE], 2022 p. 14). Our baccalaureate and graduate programs are "guided by a person-in-environment framework, a global perspective, respect for human diversity, and knowledge based on scientific inquiry" (CSWE 2022, p. 14). Our programs seek to address "social, racial, economic, and environmental justice; the creation of conditions that facilitate the realization of human rights; the elimination of poverty; and the enhancement of life for all people, locally and globally." (CSWE 2022, p. 14).

BSW PROGRAM MISSION

The mission of the BSW program is to educate students to become generalist social workers. The program mission derives from and incorporates the School of Social Work mission. Generalist social work is grounded in the liberal arts, the person-in-environment framework, and competency-based education (CSWE, 2022). Generalist social workers use a range of prevention and intervention methods in social work practice with diverse individuals, families, groups, organizations, and communities (CSWE, 2022). Generalist social workers identify with the profession and apply ethical principles and critical thinking in practice at the micro, mezzo, and macro levels of practice (CSWE, 2022). Generalist social workers recognize, support, and build on the strengths and resilience of people. They are strengths-based, and advocate for human rights and social and economic justice (CSWE, 2022). They incorporate an anti-racist and anti-oppressive perspective in support of respect for all people and the quest for social, racial, economic, and environmental justice (CSWE, 2022). They engage in research-informed practice and are proactive in responding to the impact of context on practice.

BSW PROGRAM GOALS

Graduates of the BSW program will be prepared to:

1. Engage, assess, intervene, and evaluate practice with individuals, families, groups, and communities.
2. Model ethical and professional behavior in social work practice.
3. Apply a practice framework that engages diversity and difference while advancing human rights and social, economic, and environmental justice.
4. Critique practice-informed research and research-informed practice.
5. Analyze Policy practice.

NATIONAL ASSOCIATION OF SOCIAL WORKERS

The National Association of Social Workers (NASW) is the largest organization of professional social workers in the world. Its primary function includes creating professional standards for social work practice, advocating sound public social policies and programs, and providing services to its members. Find out more about NASW at [their website](#).

NASW offers students a reduced membership rate. You may [complete an NASW membership application online](#). The West Virginia Chapter of NASW holds an annual conference and hosts special events in which you may be interested. For further information about the West Virginia Chapter of NASW, and for updates on coming events, contact:

WV-NASW
1608 Virginia Street East
Charleston, WV 25311
Phone: 304 345 6279
Website: www.NASWWV.org

NASW CODE OF ETHICS

The National Association of Social Workers (NASW) Code of Ethics outlines the primary mission of the social work field, the core values of the social work profession, and the ethical principles that all social workers are expected to follow. Abiding by these personal and professional standards at all times is paramount for professional social workers. As such, all students admitted to the BSW program at WVU are expected to follow the Code of Ethics at all times. The full NASW code of ethics is located [on their website](#) and a copy of the student agreement form is in Appendix A. All students must review the Code of Ethics and complete the agreement form before they can begin professional level (upper division) coursework.

ADMISSION TO THE MAJOR

Social work requires the ability to establish positive, supportive, and nonjudgmental interpersonal relationships. The ultimate test of a student's interpersonal skills is in relationship to clients. However, positive relationships with faculty and students serve as indicators of potential for future professional development and suitability for practice in the field. Social work is a profession whose members are expected to adhere to the National Association of Social Workers' Code of Ethics and to conduct themselves in a professional manner.

Criteria for Admission to the Professional Program

The criteria for [admission to the professional level \(also known as the upper division\) of the BSW program](#) include the following:

- Minimum 2.0 GPA on a 4-point scale. (Note: The GPA will be calculated to include coursework transferred to WVU from other institutions).
- Completion of 50 hours of appropriate human service activity (paid or volunteer) by the time of application for admission to the professional level of the program. All students must submit the [BSW Program Community Service Verification Form](#) as documentation of human service activity completed. To ensure that hours are eligible, students must contact the [BSW program](#) to get approval **prior to** completing these hours.
- Letter of recommendation: students must submit a generally positive letter of recommendation from a college professor or from a person who supervised their volunteer hours.
- Completion of 58 credit hours prior to the fall that the student wishes to enter the profession level. Students who have not completed 58 credits by the application submission date are allowed to be admitted provisionally, contingent on successful completion of any courses prior to the start of the professional level courses in the fall semester. Students must communicate this plan to the BSW Recruitment and Advising Coordinator or BSW Online Coordinator. Credit hours may include transfer credits recognized by WVU and the BSW Program.
- A final grade of "C" or higher in SOWK 147 and SOWK 151 by the time of application. Students applying to the program from approved 2 + 2 programs or as transfer students from other institutions may receive equivalency transfer credit for SOWK 147 and SOWK 151 upon course review, and approval by the BSW Social Work Program Director.
- Successful completion of 75% of WVU's General Education Foundations (GEF) requirements by the conclusion of the semester during which application to the program is made. WVU grants transfer credit for general education courses that are substantially equivalent to WVU General Education Foundation (GEF) courses. Students who successfully complete an Associate's Degree and/or a WVU-approved 2+2 community/technical college program automatically meet this GEF requirement.
- Demonstrations of college-level writing skills through completion of an application

personal statement (assessed by personal statement rubric).

- Sensitivity to and respect for human diversity with a basic capacity for nonjudgmental behavior toward individuals whose values, beliefs, and lifestyles may be different from the student's own. This requirement is demonstrated in the applicant's personal statement.
- Reliability in carrying out responsibilities, as demonstrated in classes and completing volunteer experience and as demonstrated in the two pre-requisite courses, SOWK 147 and SOWK 151, such as: punctual, dependable, observes assignment deadlines, meets attendance expectations. Transfer students who have been granted credit for the volunteer experience, SOWK 147, and SOWK 151 or equivalent courses are considered to have sufficiently met this requirement.

IMPORTANT: Applications are reviewed by the BSW Admission Committee. Students, including transfer students, who present an overall GPA of 3.0 or higher at the time of application, and meet the other criteria for admission, will receive priority for admission to the program. Students, including transfer students, who meet the 2.0 minimum GPA and all other admission criteria will be admitted on a space-available basis. Students, including transfer students, who do not meet one of the admission criteria may receive a provisional acceptance by the BSW Admissions Committee. Such provisional admissions will be considered on a case-by-case basis and considered provisional until the admission criteria are met by the fall semester.

Admission Process and Procedures

All forms required for application are available on [the BSW website](#).

1. To initiate review of your application, you must complete the application packet by one of the following due dates: January 31 or May 31 (for entry to the program the following fall). If you do not meet one of the criteria at the time of application, the application must be accompanied by a written explanation for an extension to meet that criterion and a detail of the student's plan to meet those criteria before the fall semester.
2. At the time you apply, you must submit the following documents: documentation of 50 hours of human service activity on the appropriate form with the supervisor's reference section filled out, a letter of general recommendation, a completed self-assessment, and your personal statement.
3. When the application is complete, student files containing their admissions materials are evaluated by the BSW Admissions Committee according to how well the various admissions criteria are met. Point values are attached to each of the criteria based on a rubric available on the BSW website. Students will be prioritized for acceptance based on the total number of points they receive when their application is reviewed.
4. Following evaluation of your application, if the Admissions Committee requires additional information, you will be contacted, and an interview with the Committee will be scheduled.

Notification of Admission Decision

When the admission review process is completed, the BSW Program will send each student by e-mail a letter on behalf of the Admissions Committee that reflects the Committee's decision and

any contingent conditions, such as provisional, associated with admission.

Therefore, student files that received provisional acceptance with contingent conditions will be reviewed a final time prior to the fall semester to confirm that contingent conditions have been met. If students do not fulfill criteria, they will not be allowed to stay enrolled in fall courses in the SOWK professional level.

As defined by WVU, the General Education Foundation objectives must be met. Completion of the professional foundation coursework prepares you as a generalist practitioner. A generalist practitioner has a broad-based education that enables work with systems of all sizes, including individuals, families, groups, communities, and organizations. A generalist does not specialize in practice with any single population, system, or field of practice; neither is there specialization in the use of any single practice method or technique.

FIELD EDUCATION

Overview of Field Education

Field practicum education is an integral part of the professional social work curriculum and requires a close cooperative relationship between the School of Social Work and the selected field sites who accept our students for the placement experience. Field education has been designated by the Council on Social Work Education (CSWE) as the “signature pedagogy” and as equal to the coursework in social work higher education. Experiential learning complements the classroom learning and gives the student the opportunity to build a sense of professional competence and identity that serves as a foundation for ongoing professional growth. Field instruction provides the student with an opportunity to test classroom knowledge as well as to develop and refine practice skills. Students have the opportunity to complete their field placements with agencies throughout West Virginia and adjacent areas. To ensure that our students receive the best possible educational experience in the field, the field office and the SSW do a careful vetting of all field sites. Agencies must be approved by the field office and the SSW before students can be placed there.

The BSW Field Practicum Experience requires completion of 400 on-site hours and utilizes an “integrated placement” model that occurs during the student’s final two semesters of the undergraduate program. During the Fall and Spring semesters of their final year, students are in field placement 2 days a week, for approximately 18-20 hours per week, and **will attend weekly Field Seminars leading up to the beginning of those placement hours, and then concurrent monthly Field Seminar meetings during that time**. All students will receive additional, detailed information regarding field placement requirements during Field Education Orientations scheduled during the academic year.

Field placement takes place after students have met all of the social work degree requirements up to their final year with an overall GPA of 2.0 or higher, each of which must be completed with a C or higher (SOWK 300, 310, 320, 322, 330, 360). Students may have other degree requirements in progress, such as SOWK 324, 345, 481, and social work practice electives.

In the semester before entering the field experience, students attend a field instruction orientation meeting to learn about the field application process. Students receive instructions to complete the online application for their preferred agency environments/populations. This form is reviewed by the field director and coordinator and students are matched with an agency. Students contact the agency to set up an interview and after must complete the Interview Feedback form.

Students enroll in SOWK 491, the Professional Field Experience 6 credit hours, pass/fail, in the fall semester and 6 credit hours, pass/fail, in the spring semester for a total of 12 hours overall in their degree program. The SOWK 481 Capstone course must be taken concurrently in the last semester of study along with the spring enrollment of SOWK 491.

The BSW Program requires 400 hours minimum of full-time field experience. Most students complete placement hours during regular business hours 2-3 days a week. Field practicum hours must be scheduled around other courses. Students may not miss either their field hours or their scheduled courses if they conflict with one another. Students must work their schedule to allow for field hours and coursework.

Most field instruction sites for on-campus students are within the North Central West Virginia region. For online students, field instruction sites are within their own home region. The Social Work Program permits field placements with a current or former employer if certain criteria are met (see the Field Education Handbook on the [Field Education website](#)). The purpose of the field experience is to give you a variety of opportunities and practice experiences, so we encourage you to seek different opportunities in completing these requirements.

Credit for Life/Work Experience

The BSW Program does not give credit for life experience or previous work experience in lieu of the field practicum or any of the other courses in the professional program areas (upper division social work courses).

Student Information Statement Regarding Impact of Criminal Background History, Drug Screen Results, And/or Record Of Child And/or Adult Protective Service Substantiated Complaints

Students in a professional Social Work Program are expected to demonstrate the capacity to practice with integrity and within the ethical guidelines outlined within the NASW Code of Ethics. Increasingly, students and employees are required by field placement sites or future employers to undergo a criminal background check, child and/or adult protective services check* and initial baseline and/or random drug screen tests, prior to engaging in field work or employment. Felony convictions and some serious misdemeanors may negatively impact a student's forward progress and/or completion of her/his academic program as well as future professional licensure and future employment within the Social Work field.

Such information could impact the student in the following areas:

1. The ability to secure and complete the required Field Placement Experience, as most field placement agencies request criminal background investigations, fingerprint checks, child and/or adult protective services check and/or random drug screens; and/or random drug screen tests.
2. The ability to be considered eligible for licensure as a social worker by the [West Virginia Board of Social Work \(WVBSW\)](#), which requires that licensure applicants must provide a sworn statement regarding the existence of a criminal history; as per the West Virginia State Code which states that certain misdemeanor or felony convictions could preclude the possibility of acquiring one's license to practice social work. See [W. Va. Code § 30-30-1, et seq.](#)
3. The ability to secure employment within the social work practice field, as most employers within the social work field require that applicant either possess or be eligible for, a social work license, as well as require criminal background investigations, fingerprint checks, child and/or adult protective services check and/or random drug screens, as a condition for employment.

*Even if the field placement site does not require one or all of these screenings/checks, a documented substantiated Child or Adult Protective Services Complaint will disallow student or employment candidate from being placed in or hired at any West Virginia Department of Health and Human Resources (WVDHHR) Office, as well as within ANY Program, Facility, Agency or Organization which contracts with WVDHHR.

Transfer of Credits

Students are required to use the online system for the transfer of credits earned outside of WVU. There are two different options: [Transfer Equivalency System \(TESS\)](#) and [Transfer Equivalency Review Request \(TERR\)](#), depending upon what the student needs. If they are in need of a database, then TESS. Students use this database if they want to look up courses from other institutions that have a WVU equivalent. If their course is not in the database and they need to submit a syllabus to determine WVU equivalencies, then TERR.

Based on information provided by other institutions, the Transfer Section of the Office of Admissions and Records makes course equivalency decisions on all coursework without a social work prefix that is transferred into the WVU system.

When a transfer of credit decision is made, the student and the Office of Admissions and Records are informed and WVU's official transcript is adjusted to reflect the proper social work course number for which transfer credit has been granted. If it is determined that the course will not directly transfer toward a social work requirement, the course will be counted as an open-credit (elective) course. Students should visit the [Transfer Students website](#) for more information.

PROFESSIONAL DEVELOPMENT

Once you identify social work as your major field of study, your development as a professional

person is a primary concern to the social work faculty. Accordingly, we encourage you to frequently consult with your BSW advisor for advising and other related questions regarding the BSW degree. The information that follows is vital to your academic progress and professional development while in the BSW program.

Academic Advising and Career Counseling

If you intend to major in social work, you will be enrolled as a social work major at the initial level in the program until you complete the requirements to be admitted to the professional level. Our BSW Recruitment and Advising Coordinator, Rebekah Dunaway, assists all social work majors in the on-campus delivery option in planning an academic program through advising for pre-registration of courses. The BSW Recruitment and Advising Coordinator's office is located in 4302 Field Hall. She may be reached by email at rjdunaway@mail.wvu.edu or by phone at 304-293-6374. Our BSW Online Coordinator, Challice LaRose, assists all social work majors in the online delivery option in planning an academic program through advising for SOWK courses. She may be reached by email at challice.larose@mail.wvu.edu or by phone at 304-293-6373. Once on-campus students are in their senior year in the major, they are assigned to Dr. Megan Gandy, BSW Program Director, to be their advisor. Online students remain assigned to Challice LaRose throughout their BSW program. Dr. Gandy's office is located in 4303 Field Hall and she may be reached by email at megan.gandy@mail.wvu.edu or by phone at 304-293-4482.

Your BSW advisor will keep you informed of your progress in the major and will be available to assist you with both academic and career decisions. It is important that you discuss your career objectives with your advisor. This will enable her to help you make appropriate curricular choices, including declaration of one or more minors. Office hours are posted outside the faculty members' offices and made available online. You are responsible for making appointments with your advisor, as well as for using DegreeWorks to monitor your progress through the major.

Degree Plans and Student Records

All students will work with their BSW advisor to formulate a plan of study consistent with the policies of the BSW Program, the School of Social Work, and the University, as well as the Council on Social Work Education (CSWE) accreditation requirements. During every registration period your DegreeWorks plan will be updated in consultation with your BSW advisor. Periodically check your record of completed coursework on DegreeWorks to stay current with your academic progress. It is the student's responsibility to monitor their progress through their degree plan.

Course Registration Announcements

The University announces priority registration dates well in advance. This allows you time to schedule an appointment to meet with your academic advisor who will release the STAR registration hold (advising PIN) on your account after your advising appointment has been held. The last day to add a class is usually at the end of the first week of classes. The last day to withdraw from classes is usually shortly after midterm. All such transactions require your advisor's approval.

Human Service Activity and Volunteer Work

As part of your professional development, you are required to complete 50 hours of human service activity, paid or volunteer, by the time you apply for admission to the social work major. The form to document this activity is included in the admission packet available on our program website and through their advisor. This requirement provides experience that allows you to determine if a career in social work is right for you. In addition, it allows you to gain some insight into and experience with working as a helper. Basically, we want you to have **post-high school, face-to-face helping experience** as opposed to hotline work, agency training experiences, life guarding, physical labor, running errands, or doing secretarial work for the agency, etc. Pre-approval of your activity is required to ensure that you meet the requirements.

To gain approval, please submit the following via email to the BSW Recruitment and Advising Coordinator or BSW Online Coordinator:

- A detailed paragraph explaining where you worked or plan to work
- What type of duties you performed or will perform
- The population of people you worked with or will work with
- The number of hours being requested for approval.

The BSW Program Director makes the final decision regarding the use of paid experiences toward the 50-hour requirement.

Standards for Academic and Professional Behavior

One of the primary goals of the BSW program in the School of Social Work is to model ethical and professional behavior in social work practice. It is crucial that our graduates adhere to the academic and professional standards required for professional practice and that are described in the NASW Code of Ethics. Because of the importance we place on ethical and professional conduct, admission to the BSW program at WVU does not guarantee continuance, especially if concerns are raised regarding a student's ability to adhere to our standards of academic or professional conduct.

The school has delineated specific policies for intervention and consequences with students for times when there are concerns about academic or professional behavior. These interventions/consequences can include meetings to determine corrective action plans with advisors, field liaisons, and/or field instructors, academic probation, suspension, or dismissal from the program.

A student's academic performance or conduct may be reviewed, and could potentially result in probation, suspension, and/or termination from the program, if a faculty member or field instructor expresses concerns about serious and persistent deficits in academic performance or violations of the [NASW Standards for Ethical Conduct](#). Examples of reasons why a student may be terminated from the program include (but are not limited to) the following:

- Failure to maintain the minimum GPA required by the program (2.0)
- Inadequate interpersonal or helping skills
- Violations of client confidentiality

- Sexual or romantic relationships with clients or constituents
- Lack of respect for differences based on gender, gender identity, gender expression, sexual orientation, race or ethnicity, religion, disability status, or others not listed here
- Inability to keep personal values from interfering with practice decisions
- Substance abuse
- Criminal charges/convictions
- Violence/aggression towards others
- Excessive absenteeism
- Persistent inadequate performance on field or classroom assignments/projects
- Academic Dishonesty/Plagiarism

Computer/Technology Proficiency

It is expected that all incoming students have proficiency with the technological devices listed above. Students are responsible for having computer/technology skills sufficient to accomplish the academic tasks that will be expected of them. Tutorials are available through WVU for the WVU-specific platforms, such as [eCampus](#). Students must have sufficient ability to operate computers, cell phones, Internet browsers, webcams, and related technology used in the modern workforce. Students should come to class with a willingness to learn new technology platforms to prepare them for a dynamic and evolving professional landscape. Students with disabilities can contact the [Office of Student Accommodations \(OSA\)](#) regarding their technology-related needs.

Instructors are not responsible for teaching computer/technology skills within the course. If you do not possess sufficient computer/technology skills, you should gain the necessary training in computer/technology skills prior to applying to the online program.

Examples of essential computer/technology skills include the following:

Technology Requirements

To successfully complete coursework in the WVU School of Social Work programs, all students—especially those in online courses—must have reliable internet access and a laptop (PC or Mac) with at least 8-16 GB of RAM. A tablet or iPad alone will not be sufficient for completing assignments and participating in course activities. Proficiency with basic technology, including accessing online learning platforms and using productivity software, is also essential.

Additionally, your computer should have the following:

- Consistent access to high-speed internet/wifi/broadband
- Keyboard and mouse
- Speakers and a microphone
- A web camera capable of video web conferencing
- Recent operating system
 - Microsoft Windows 10 or newer
 - Apple macOS 10.12 or newer
- Google Chrome or Firefox web browser, latest version recommended

All students will also need access to:

- Scanner/Printer
- Headphones

Academic Dishonesty/Plagiarism

“Academic Dishonesty” refers to cheating or dishonest practices in connection with examinations, papers, and/or projects. It also includes forgery, misrepresentation, or fraud as it relates to academic or educational matters. “Academic dishonesty” in the SSW refers to any of the following:

1. **“Plagiarism”** - The use, by paraphrase or direct quotation, of the published or unpublished work of another person without full and clear acknowledgment, including but not limited to, the unacknowledged use of materials prepared by another individual or generative AI program (such as ChatGPT, Grammarly, etc.).
2. **“Cheating and dishonest practices in connection with examinations, papers, and/or projects”** - Include (but not limited to):
 - ☐ Giving or receiving of any unauthorized assistance in taking quizzes, tests, examinations, or any other assignment for a grade. Unauthorized assistance includes artificial intelligence systems such as ChatGPT or other natural language generators wherever disallowed by instructors as per the course syllabus.
 - ☐ Depending upon the aid of sources beyond those authorized by the instructor or supervisor in quizzes, tests, examinations, writing papers, preparing reports, solving problems, or carrying out other assignments.
 - ☐ The acquisition or use, without permission, of tests or other academic material belonging to a member of the University faculty or staff.
 - ☐ Engaging in any behavior specifically prohibited by a faculty member in the course syllabus or class discussion.

3. “Forgery, misrepresentation, or fraud as it relates to academic or educational matters” - includes, but is not limited to:

- Wrongfully altering, or causing to be altered, any records
- Use of University documents or instruments of identification with the intent to defraud
- Presenting false data or information or intentionally misrepresenting records
- Furnishing the results of research projects or experiments for the inclusion in another’s work without proper citation furnishing false statements in any University academic proceeding
- Providing false or misleading information to gain an academic advantage

BSW students who engage in academic dishonesty will be subject to one or more of the following academic penalties:

1. Course-level academic penalties: When academic dishonesty occurs within the context of a BSW course (including independent study courses), examples of the penalties the instructor may impose include (but are not limited to):
 - Change in assignment or test grade.
 - A lower final grade, including failure of a course.
 - A final grade of unforgivable failure (UF). The UF penalty can be recommended by the course instructor but must be reported to the appropriate office by the dean of the college or school offering the course after the time limit for a student appeal has expired or the appeal process has been completed, upholding the UF penalty. The student may repeat the course.
 - Required repetition or revision of the assignment or test.
 - Exclusion from further participation in class.
2. Other academic penalties. Depending on the severity and context, other penalties for academic dishonesty in the BSW program can include:
 - Academic Review
 - Probation, suspension or dismissal from field placement
 - Academic probation or suspension from the BSW program
 - Dismissal from the BSW program

Student Success

The BSW Program faculty and advisors regularly monitor student performance to ensure students are meeting the requirements of the degree and are in compliance with the BSW Student Handbook. If a student is struggling to be successful in class or field placement or is having initial difficulty with compliance with the BSW Student Handbook, any faculty member or advisor may call a Student Success Meeting. These meetings are not penalizing in nature. Rather, they are supportive and are designed to help the student overcome any obstacles to their success in the BSW Program. Sometimes, a Student Success Meeting is held in order to help the student avoid the Disciplinary Review Process, as outlined below. However, not all Student Success Meetings are a precursor to the Disciplinary Review Process. They may simply be enacted to

help a student identify resources, identify behaviors that need to be altered, or identify ways to communicate their needs in a more effective way. A Student Success Meeting is not required for a student to be subject to the Disciplinary Review Process.

Disciplinary Review Process

Three Level Review Process

All students are expected to maintain a certain level of academic and professional standards in their coursework, engagement with faculty and other students, and in their field placements. Any behavior that is considered a violation of the NASW Code of Ethics (see Appendix A) is grounds for review within the program, as are any charges of academic dishonesty/plagiarism.

When concerns about a student's academic and/or professional behavior are raised, the SSW follows a three-level review process:

Level 1

If concerns arise related to academic performance or conduct within the classroom, the faculty member who has concerns should first communicate these directly to the student and work with the student to implement a corrective action plan. They may also notify the student's faculty advisor of the issue and plan. If concerns arise during field placement regarding a student's behavior or conduct, the agency field instructor should first raise these concerns directly with the student and work jointly with the student to implement a corrective action plan. The field liaison may notify the field director as well.

Level 2

If concerns persist despite the corrective action plan, the faculty member or field instructor should then coordinate a meeting with the student and the academic advisor (for academic concerns) or SSW faculty field liaison (for field-related concerns) to discuss the student's behavior and determine whether the current action plan should be modified or whether the student's case should be referred directly to the BSW committee for an academic review (see section on academic reviews). In cases involving field, the field director may be involved in this meeting as well.

Level 3: Academic Review

If concerns about the student's behavior persist after the revised action plan determined during the Level 2 meeting has been implemented, the student's case will then be referred to the BSW committee for an Academic Review (see section on Academic Reviews). If the concerns are related to the student's placement, the student will not be allowed to continue with placement or field seminar until the academic review is completed. The student may be asked to refrain from attending and/or withdraw from other BSW courses as well.

Academic Reviews

In situations in which a student's case requires an academic review, the BSW program director will coordinate a meeting time during which the BSW committee members will meet to review the various information regarding a student's progress in the program and any concerns that have

prompted the review. The student will be informed, in writing, of the time and date of the review and invited to attend a portion of the meeting in order to provide the committee with any additional information they feel is important. The student is invited to bring 1-2 support person(s) as well. This can include family members, significant others, or anyone else who the student feels may be a support and advocate through the process.

After the committee reviews the available information and hears the student's statement, it will decide on an action plan regarding the student's continuance in the program. The student will be notified of this plan in writing via a letter from the BSW program director within one week of the review meeting. Students have the right to a copy of the written minutes from the academic review committee meeting.

DISCIPLINARY ACTIONS

Program Probation

The student remains eligible for continuance in the BSW Program and in field placement (if applicable), but remains on a period of program probation, the length of which is determined by the BSW committee. Assignment of probationary status is contingent upon the student's agreement to follow the specific corrective action plan recommended by the BSW Committee. Failure to follow this plan during the probationary period may result in a second review, and/or suspension or dismissal from the program. If the student is unable to return to his or her prior field placement, and the BSW committee's decision is to place the student on probation, the field coordinator will assist the student, if possible, in finding a new placement.

Suspension

The student is asked to withdraw from all BSW courses and field placement (if applicable) for a period of time to be determined by the BSW committee. During this time, the student may pursue coursework in other departments at the university or other academic institutions, but may not enroll in any additional coursework in the BSW program. Once the period of suspension has finished, a second review meeting will be held with the BSW committee in order to determine whether it is appropriate for the student to return to BSW courses and/or field placement.

Students can be suspended from the program in cases in which there has been a prior probationary period, and the student has not followed the corrective action plan or in cases in which there is a serious violation of academic or professional standards. Suspension of a student without a previous probationary period occurs with approval of the School of Social Work Director, the Dean of the Eberly College of Arts and Sciences, and the Associate Provost for Undergraduate Academic Affairs.

Dismissal

The student is dismissed from the BSW program and will not be permitted to register for any BSW program courses or field. They can, however, apply and register for other programs within the university. Students can be dismissed from the program in cases in which there has been a previous period of probation or suspension, and the BSW committee decides that the student has not taken appropriate actions to remedy the previous concerns about academics or professional behavior or in cases in which there is a serious violation of academic or professional standards.

Suspension of a student without a previous probationary or suspension period occurs with approval of the SSW director, the dean of the Eberly College of Arts and Sciences, and the Associate Provost for Undergraduate Academic Affairs.

Appeals

Situations in which students may submit an appeal include, but are not limited to:

- Appeals of final course, including the grade of Unforgivable Failure (UF), if determined by a violation other than academic dishonesty
- Appeals of imposition of academic probation
- Appeals of exclusion from class or field
- Appeals of dismissal from the BSW program
- Appeals of dismissal from the University

The College Dean or his/her designee is the final level of appeal for grade penalties, exclusion from class, final course grades, and academic probation from the BSW program. The Office of the Provost is the final level of appeal for dismissal from the program, not including suspension or probation imposed by the university upon the student for failure to maintain minimum academic standards.

Appeal of a Final Grade

The School of Social Work follows University procedures for a student who wishes to appeal a final grade. The procedures are found on the [WVU Academic Programs and Policies website](#).

Level 1 Appeal

- The student may begin an appeal by [submitting a written appeal via WVU e-mail to the Level 1 appeal reviewer](#) before the appeal deadline listed above. The student's appeal must include the documentation and evidence forming the basis of their appeal.
- The course instructor/coordinator must provide all relevant documentation and criteria for determining the student's final grade to the Level 1 appeal reviewer upon their request.
- The Level 1 appeal reviewer assesses the available evidence and makes a decision about the appeal based on that evidence.
- Within 10 class days after the student has submitted the appeal, the Level 1 appeal reviewer communicates the decision in writing via WVU e-mail to the student and the course instructor/coordinator.
- Depending on the outcome of the appeal, the Level 1 appeal reviewer submits a grade modification.
- The reviewer retains all documentation related to the appeal for 5 years.
- If the student accepts the Level 1 appeal decision, the appeal is concluded.

Level 2 Appeal

- If the student does not accept the Level 1 appeal decision, the student may [submit a written appeal via WVU e-mail to the Level 2 appeal reviewer](#) within 10 class days after the decision at Level 1 is sent.

- The Level 1 appeal reviewer forwards all materials included in the appeal to the Level 2 reviewer. Both the student and the course instructor/coordinator may provide additional information if they wish.
- The Level 2 appeal reviewer assesses the available evidence and makes a decision about the appeal based on that evidence.
- Within 10 class days after the student has submitted the appeal, the Level 2 appeal reviewer communicates the decision in writing via WVU e-mail to the student, the course instructor/coordinator, and the Level 1 appeal reviewer.
- Depending on the outcome of the appeal, the Level 1 appeal reviewer submits a grade modification.
- The reviewer retains all documentation related to the appeal for 5 years.
- The appeal is concluded.
- This concludes the grades appeal process; there are no further appeals.

Appeal of a Charge of and/or Penalty Based on Academic Dishonesty

The School of Social Work follows the University procedures for appeal of an Academic Penalty other than a final grade, and not based on academic dishonesty. The procedures are found on the [WVU Academic Programs and Policies website](#).

Level 1 Appeal

- The student may begin an appeal by [submitting a written appeal via WVU e-mail to the Level 1 appeal reviewer](#) within 10 class days after penalty is communicated to the student. The student's appeal must include the documentation and evidence forming the basis of their appeal.
- The individual or committee that imposed the penalty must provide all relevant documentation concerning the penalty to the Level 1 appeal reviewer upon their request.
- The Level 1 appeal reviewer assesses the available evidence and makes a decision about the appeal.
- Within 10 class days after student has submitted the appeal, the Level 1 appeal reviewer communicates the decision in writing via WVU e-mail to the student and the individual or committee that imposed the penalty.
- The reviewer retains all documentation related to the appeal for 5 years.
- If the student accepts the Level 1 appeal decision, the appeal is concluded.

Level 2 Appeal

- If the student does not accept the Level 1 appeal decision, the student may continue their appeal by [submitting a written appeal via WVU e-mail to the Level 2 appeal reviewer](#) within 10 class days after the decision at Level 1 is sent.
- The Level 1 appeal reviewer forwards all materials included in the appeal to the Level 2 reviewer on request. Both the student and the individual or committee that imposed the penalty may provide additional information if they wish.
- The Level 2 appeal reviewer assesses the available evidence and makes a decision about the appeal based on that evidence.
- Within 10 class days after student has submitted the appeal, the Level 2 appeal reviewer communicates the decision in writing via WVU e-mail to the student, the individual or committee that imposed the penalty, and the Level 1 appeal reviewer.

- The reviewer retains all documentation related to the appeal for 5 years.
- For undergraduate students, the appeal is concluded at this point.
- For graduate and professional students, the appeal is concluded if the student accepts the Level 2 decision. If the appeal concerned a final grade or an academic penalty other than program dismissal, the appeal is concluded. If the penalty is dismissal from a program, the graduate or professional student may continue their appeal by submitting a written appeal via WVU e-mail to the Level 3 appeal reviewer (Associate Provost for Graduate Academic Affairs [Richard Thomas](#)). Please review the [WVU Graduate Catalog](#) for specific details regarding a Level 3 Appeal Review.

Level 3 Appeal

- If the penalty is dismissal from a program, the student may continue their appeal by submitting a written appeal via WVU e-mail to the Level 3 appeal reviewer named on the [Academic Standards Resources](#) webpage within the time limit provided below.
- The Level 2 appeal reviewer forwards all materials included in the appeal to the Level 3 reviewer and the student upon request from the Level 3 reviewer. Both the student and other individuals or committees may provide additional information if they wish.
- The Level 3 appeal reviewer may (but is not required to) appoint and convene a Student Academic Hearing Committee (SAHC) to hear the case and review the appeal. SAHC procedures follow.
 - Members are appointed to the SAHC at the discretion of the Level 3 appeal reviewer and shall comprise at least three faculty members. At least one SAHC member should be from the program offering the course or the student's program; at least one should be from outside the program offering the course or the student's program.
 - The SAHC holds a joint hearing with the student and any individuals involved in making the academic dishonesty charge or imposing the academic penalty and may also convene additional individual meetings or request additional materials to collect further evidence. The hearing is set outside of the student's scheduled classes; should the student choose not to appear, the meeting will proceed as scheduled.
 - The student may be accompanied to the hearing or meetings or be advised by a person of his or her choice from the institution. Likewise, the faculty member, academic officer, or committee recommending dismissal may have an advisor from the institution. Such advisors may consult with but may not speak on behalf of their advisees or otherwise participate directly in the proceedings, unless they are given specific permission to do so by the individual or committee conducting the appeal.
 - Witnesses may be called by any of the parties involved.
 - A record of the SAHC hearing shall be prepared in the form of summary minutes or an audio recording. This record and relevant attachments and will be provided to the student upon request.
- The Level 3 appeal reviewer assesses the available evidence, including the recommendation of the Student Academic Hearing Committee, when available, and makes a decision about the appeal based on the evidence and recommendation. The reviewer communicates the decision in writing via WVU e-mail to the student, and other

individuals or committees that have been involved in the penalty or appeal to that point, including the Level 1 and 2 appeal reviewers. The reviewer retains all documentation related to the appeal for 5 years.

- The appeal is concluded.

FINANCIAL CONSIDERATIONS

TUITION & FEES

We understand that the thought of undergraduate school expenses can be stressful. However, we have several ways to help you pay for college and make your education more affordable. In fact, WVU is one of the most affordable universities in the nation for both in-state and out-of-state students. Through scholarships, grants, loans, and work-study opportunities, we can help you make your dreams for the future a possibility within reach. You can determine an estimate of your tuition costs at the [WVU Tuition website](#).

RESIDENCY CLASSIFICATION

Students may request a reexamination of their residency status by completing an [Application for Classification as a Resident Student at WVU](#) with the Office of Admissions. The application will be examined by the Office of Admissions, and the student will be notified of the resulting decision. To be reclassified for a specific semester, the application must be submitted two (2) weeks prior to the deadline for the payment of tuition and fees. All applications received after the deadline will be considered for the next semester. Note: Time off from classes due to academic suspension does not count toward residency. It is the student's responsibility to submit all supporting evidence to be considered with the student's application. No additional evidence or documentation will be considered after the application has been submitted unless it is requested by the Office of Admissions.

Appeals

If the student wishes to challenge the decision of the Office of Admissions, the student shall be given the opportunity to appear before the institutional committee on residency appeals. If the student cannot appear when the committee convenes a meeting, the student has the option of allowing committee members to make a decision on the basis of the written materials pertaining to the appeal or waiting until the next committee meeting.

The student may appeal the decision of the institutional committee on residency appeals to the President's Office. The President's Office may request the student to appear at a hearing regarding the appeal. Residency appeals shall end at the President's Office.

Other Financial Considerations and Resources

Outside Employment

Students are permitted to engage in outside employment during their tenure in the BSW program, and the SSW places no formal limits on the number of hours students may work while in the program. However, it is strongly advised that students discuss their outside employment obligations with their academic advisors to ensure that they are allotting sufficient time to complete their academic coursework and field internship hours.

Additional Loans

Many students use outside loans to fund their undergraduate education. In order to apply for student loans, students must complete a [FAFSA](#) prior to March 1.

Credit-Based Loan Options (PLUS and Private)

There are a variety of different credit-based loan options from the federal government and private lenders. However, there are differences between federal and private loans such as the borrower, the lender, interest rates, fees, and terms. We have tools to help you determine what works best for you!

Students and parents can apply for private loans. Parent PLUS Loans are options for parents of dependent undergraduates. More information available [view more on loans](#).

Private Loans

[Private loans](#) are non-federal educational loans through private lenders (banks) which allow students to borrow additional funds after federal student loans have been exhausted. Each lender has different eligibility requirements, interest rates, fees, and repayment terms. For example, some lenders may require students to be enrolled at least half-time in a degree-granting program, while other lenders may allow students who are non-degree or enrolled less than half-time to borrow. Some lenders also require that a student make Satisfactory Academic Progress for financial aid eligibility to receive their loans.

Borrower: Student or Parent

Additional Requirements: Funds cannot be disbursed to the student's account until all requirements are complete. Students applying for any private (non-federal) educational

loan must complete a Self-Certification form.

FAFSA Info

The first step in securing any Financial Aid is to complete the FAFSA by March 1st. You can start that process at the [FAFSA website](#).

Graduation

When students pre-register for their final semester of coursework, they will complete an online application for graduation. This online form is to be accessed through the student's DegreeWorks page. Students will click on the link that says "Apply to Graduate." A few months before graduation you will receive additional information about graduation from the Dean's Office via your MIX email. Students who are August graduates will be invited to come back to attend the University's December convocation or students can choose to walk with the May graduates, but they must advise the BSW Program Director of their preference.

ACADEMIC STANDARDS

Students shall be guided by the following standards:

1. Sequencing of social work courses:
 - SOWK 300: Social Welfare Policy 1* is a prerequisite for SOWK 310: Policy 2**
 - SOWK 320: Methods 1* is a prerequisite for SOWK 322: Methods 2**
 - SOWK 322: Methods 2 is a prerequisite for SOWK 324: Methods 3
 - SOWK 324 (Methods 3) prerequisites: SOWK 300, 310, 320, 322, 330
 - SOWK 345 Interprofessional Social Justice Practice prerequisites: SOWK 300, 310, 320, 322, 360
 - SOWK 360: Research prerequisites: SOWK 300, 320, 330
2. Advising of students will be based upon the principle that the University Catalog of record shall be the one in effect at the point of acceptance into the major.
3. A student wishing to enroll in 500-level courses must be a senior and have a 3.0 overall GPA. Prior to enrolling in a 500-level course, a student must secure an application and approval from their BSW advisor. Students will then secure permission from the course instructor and follow the University policy specified in the WVU Undergraduate Catalog.
4. A normal study load for the social work major is 15 to 18 hours. Students desiring to take more must complete a course overload petition and have the permission of the Associate Dean of Undergraduate Studies of ECAS (Undergraduates only).
5. The awarding of credit hours from the social work program for the Board of Regents degree shall be handled by the BSW Program Director in the School of Social Work. The BSW Program Director shall work cooperatively with the School's Director in carrying out this task.
6. Social Work 495: Independent Study (1-6 credit hours) The specific number of credit hours to be carried for the study should be negotiated between faculty and students with attention given

to estimate time requirements (generally one credit hour for 3 hours/week involvement with the study).

Declaration of a Minor

A minor is not required for the social work major. However, students may pursue one or more minors if they wish. It is the responsibility of the student and her/his advisor to obtain information about declaring a minor. Please be sure to discuss declaring a minor with your advisor, as the Declaration of Minors must be processed through the ECAS Dean's office.

GRIEVANCES POLICY

Students have the right to submit a formal grievance regarding courses, instructors, staff, or another aspect of the BSW program at any time. The steps for filing a formal grievance are as follows:

Level 1- If the grievance involves an individual faculty/staff member, if at all possible, The student should attempt to resolve this issue directly with the faculty/staff member involved.

Level 2- If the issue is not resolved, the student is unable to raise the issue directly with the faculty/staff member involved, or if the issue is related to another aspect of the program, the student should send a written notice detailing the grievance to the BSW Program Director via University email (mix account). The BSW program director will contact the student, review the information, and determine what corrective action is necessary.

Level 3- If the problem persists, and the student is dissatisfied with the results of the current plan, he/she can file a written grievance with the Director of the School of Social Work, who will review the information and determine a corrective action plan.

Level 4- If the problem persists after consulting with the Director of the School of Social Work, or the student is dissatisfied with the corrective action plan, he/she can file a grievance with the Dean of the Eberly College of Arts and Sciences, who will determine the need for further action.

HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) was enacted in part to protect the security and privacy of individually identifiable health information. Federal law requires every person who will be in contact with a patient's protected health information to have training in the HIPAA Privacy Standard. Because students are covered by West Virginia University's malpractice insurance while they are in their field experience, the School of Social Work and WVU requires that students complete WVU's online HIPAA training annually and renew their certification every twelve months. The training is conducted by an on-line tutorial with quiz, which must be passed with a minimum of 80%. Students must complete their certification prior to entering field and may take the quiz as many times, as necessary until they pass with the minimum percentage, but may not begin or continue logging placement hours until successfully passing HIPAA. Students may also be

required to take the HIPAA training at their field placement sites.

POLICY REGARDING ELECTRONICS AND TECHNOLOGY

As the field of technology continues to grow and innovate, social workers are increasingly faced with challenges regarding the ethical use of social media and specific technologies. While the School of Social Work recognizes that, increasingly, students and practitioners utilize various aspects of technology in their schoolwork, social work practice, and daily lives, it is crucial that all students adhere to the ethical principles outlined in the [NASW Technology Standards](#). As such, the SSW has developed the following guidelines regarding the use of technology in the classroom and in field:

- ☐ Students should avoid utilizing technologies (such as email, social media and networking, and text messaging) to communicate with clients for personal or non-work-related matters.
- ☐ Students should avoid utilizing technologies (computers, cellphones, Smartphones, tablets, or other technological devices) for non-class related activities, as this is disruptive to other students as well as instructors.
- ☐ Students should be aware that posting personal information on social networking or social media sites can create dual relationships with clients and/or confuse boundaries.
- ☐ Students should avoid connecting with clients on social media or social networking sites.
- ☐ Students should avoid posting client information on social media and/or social networking sites.
- ☐ Students should be aware that personal affiliations may increase the likelihood that clients may discover the social worker's presence on websites, social media, or other forms of technology. Electronic communication with groups based on race, ethnicity, language, sexual orientation or other personal affiliations may impact the student's ability to work effectively with specific groups.
- ☐ All students should obtain informed consent from clients before utilizing technology-based interventions in practice with them and should be adequately trained in the use of these technologies before utilizing them with clients.
- ☐ Audio and video recording of classroom discussions are not permitted unless specified as an accommodation for a documented disability through Accessibility Services.
- ☐ Individual instructors may limit (at their discretion) the use of specific types of electronic devices in the classroom, including (but not limited to) cellphones/smartphones, laptops, mp3 and other digital audio and video players, and analog/digital audio and video recording devices.

All students are asked to review these policies and adhere to these policies while in the BSW program. Violation of any of these policies is grounds for disciplinary action, including probation, suspension, and/or dismissal from the BSW program.

INCLEMENT WEATHER

In case of inclement weather, on campus students will be notified via the [WVU Alert system](#) if class is canceled. In the event of inclement or threatening weather, everyone should use their best judgment regarding travel to and from campus. Safety should be the main concern. If you cannot get to class because of adverse weather conditions, you should contact the instructor as soon as possible. Similarly, if the instructor is unable to reach the class location, the instructor will notify the class of cancellation or changes as soon as possible (at least two hours before class starts), using email notification, to prevent students from embarking on unnecessary travel. If you cannot get to class because of weather conditions, the instructor will make allowances relative to the required attendance policy, as well any scheduled tests, quizzes, or other assessments.

Counseling

Counseling and psychiatry services are available through the Carruth Center for Psychological and Psychiatric Services (CCPPS). Whether you are an

undergraduate, graduate, or professional student, full-time or part-time, they are there to help you complete your education. Any student enrolled at the university who can provide proof of eligibility and has paid the appropriate student fees is eligible for services.

The Carruth Center provides a variety of psychological, psychiatric, and counseling services for a wide range of student concerns.

Individual Counseling: Students have the opportunity to sit down with a counselor one-on-one to discuss their concerns in a private and confidential setting. The short-term individual counseling sessions last about forty-five to fifty minutes and may be held once a week, once every other week, or less frequently. Many students find that their concerns are resolved in three to four sessions.

Couples Counseling: Couples counseling is offered only on a very limited basis at CCPPS. Both partners must be an enrolled WVU student to qualify for services. Students interested in the service should contact the Carruth Center at 304-293-4431 and ask to speak to the case manager or clinical director.

Group Counseling: Group counseling offers students the opportunity to meet with other students experiencing similar concerns. All group counseling sessions are intended to facilitate a supportive and confidential therapeutic environment. A clinician helps guide and direct the students during the group session. Group counseling sessions are held weekly and often last for a few weeks for an hour to an hour and a half per session. More information can be found on our group counseling page.

Drug and Alcohol Counseling: The Student Assistance Program offers a number of different counseling options for students seeking drug or alcohol counseling. Students may participate in individual counseling, group counseling, and educational activities. The Student Assistance Program also provides information concerning community resources, such as Alcoholics Anonymous and Narcotics Anonymous. More information can be found on the Student Assistance Program Page.

Drop-In Hours: Drop-in counseling is available for students Monday through Friday from 8:15 AM-5:00 PM. The hours of 3:00 PM to 5:00 PM are reserved for students experiencing emergencies or are in crisis. Students arriving after 3:00 PM not in crisis may experience a longer wait and be asked to schedule an appointment for the following day.

Drop-in hours are appropriate for students in crisis or feeling as though they need immediate help, as well as for students feeling their concern may be resolved in only one session. If you're unsure of what you may need, please use the drop-in hours or give us a call at (304) 293-4431.

If your concerns are not urgent and/or you wish to set up regular services, scheduling an appointment will set aside a time for you and reduce your wait time.

This decision was made with great care by our Student Health Advisory Committee. Eligible students who do not have an approved waiver on file for the academic year are automatically enrolled in the WVU-sponsored Aetna student health insurance plan. CAMPUS LIFE

Transportation

Personal Rapid Transit System (PRT)

The PRT provides transportation between campuses. There are PRT stations downtown on Walnut Street and Beechurst Avenue. The Engineering and Towers stations serve the Evansdale campus. And the Health Sciences Station links students to the Health Science campus.

For more information on WVU's PRT including schedules and/or service outages,

go to the [PRT website](#).

It is always a good idea to check this website before using the PRT to be sure there are no cancellations or delays.

Busses

An essential part of mobility on the Morgantown Campus is the services provided by Transportation Services. Operating on-campus shuttles from the Coliseum to the PRT, transporting students to field trips around town or cross country, and moving the mobility impaired around campus are just a few of the services offered.

Besides bus service, the Transportation Services Unit provides fleet maintenance for University vehicles and provides rental vehicles on an as-needed basis to University departments.

Coliseum/Engineering PRT Shuttle

Free Parking is available at the Coliseum – the shuttle takes you to the Engineering PRT Station allowing you to travel to any of the other PRT stations. Many of our students park at the Coliseum and take the shuttle to the PRT and travel to the Beechurst Station which is only a block from Knapp Hall.

Campus Bus service is offered only during regular school sessions and is not available during holidays, break periods unless otherwise announced.

The Mountain Line is Morgantown's bus system. Mountain Line is FREE for faculty, students and staff with your valid WVU-ID. Otherwise, the cost is \$0.75 - \$1.00 to ride. For a complete bus schedule, including routes, call 304-291-7433 or visit [their website](#).

For more information on both WVU and Mountain Line buses, go to [their website](#).

Parking

Parking at WVU-Morgantown is very limited. A valid parking permit displaying the appropriate parking area number is required from 7:00 am to 6:00 pm, Monday- Friday. If you park in a designated “decal parking lot” without a decal, you will be issued a \$20.00 fine.

A portion of the Mountainlair parking garage offers parking by the hour. These spaces are limited, and the cost is approximately \$1.25 an hour. The garage is located at North High and Prospect Streets. The city of Morgantown offers both long-term parking garages on Spruce Street and Beechurst Avenue and short-term parking at meters.

For more information on parking, go to [their website](#).

LICENSING INFO

It is recommended that the WVU Undergraduate Catalog and each course syllabus you are given throughout your tenure as an BSW student be retained. Ideally, they should be placed in a permanent file for future reference. It is also recommended that an additional copy of each syllabus be kept in a separate file in the event that the original is lost. Our experience in attempting to furnish graduates of the BSW program with syllabi for courses taken in the past indicates a definite need for retention of these items. This is extremely important if you plan to take additional courses from other universities in the future. The majority of schools require that you furnish copies of course syllabi when attempting to obtain transfer credit. Therefore, it would be to your advantage to have these copies available. It is very difficult to obtain copies of syllabi after you leave WVU. Additionally, it is important to keep syllabi for the purposes of licensure in other states.

Below is some information about the process and preparation for taking the social work licensing exam in WV. For those of you considering licensing in other states, please contact the Board of Social Work Examiners in that state for information on their process. A list of the state boards of social work can be found at [their website](#).

West Virginia Licensing Exam:

The WV Board of Social Work is the entity that administers the licensing exam in WV. There is a lot of information on [their website](#).

The WV Board of Social Work must pre-approve you before you can register to take the exam from the Association of Social Work Boards (ASWB). This is accomplished by applying for a Temporary License Permit. Information can be found at [their website](#).

The cost for a Temporary License Permit is \$75. If you are in your last semester of school and you need confirmation from WVU School of Social Work that you are in good standing, direct your request as follows:

BSW students: If you are applying for a WV license, a list of students in good standing, who will be graduating in the upcoming semester, will be sent to the WV Board of Social Work – no further action is needed. (Note: if you are applying for a license in another state, contact the licensing board in your state and send the requirement details to the BSW Director)

You can take the license exam in your last semester of school before you graduate. However, you cannot receive a regular license (LSW) until after you graduate

and an official transcript has been sent to the WV Board of Social Work.

□ BSW grads: If you will be taking the LGSW (Licensed Social Worker) License Exam the known cost is going to be \$230. A Candidate Handbook about the exam can be found at [their website](#) (just click on " Candidate Handbook on the left-hand side and download the PDF. There are also a number of other helpful links, FAQs, etc. there).
